EAN: 8717748606075

The robust Stage Weight 12.5 kg is ideal for adding stability to a wide range of temporary structures. Whether you're securing braces, supporting scenic elements, or stabilising lighting stands, this weight helps you create a reliable setup. Its smart design fits easily around scaffolding tubes of up to 55 mm, truss sections and Pipe & Drape Uprights. Thanks to its integrated handle, it's easy to carry and position as needed. For increased load, multiple weights can be safely stacked (not compatible with 70392).

Special features:

- Designed to fit around truss and tubes of up to 55 mm
- Compatible with Pipe & Drape uprights
- Built-in handle for easy transport
- Stackable to increase overall weight
